

# Classic Arrow Technical Services L.L.C

**CLASSIC ARROW** is a Technical Services Company located at Dubai. A team of professionals is managing our company. We are committed to provide all clients with the best possible service available.

# ABOUT US

---

**Classic Arrow Technical Services** holds a prestigious name in the construction industry for providing reliable, timely and cost-effective technical solutions which lead to client satisfaction all over UAE. We are at par with the current trends through a cooperative team of expert professionals. Our organization modernizes the work procedure through the utilization of current technology to meet the dynamic requirements of our clients and build long-term relation. We strive for quality and timely delivery of our multiple services under one roof. **Classic Arrow Technical Services** focuses to maintain the reputation and keep clients happy.

## OUR VALUES

---

- **Customer Satisfaction:** As an organization, we never fail to adhere to the business ethics and follow a fair and just method in dealing with our clients, personnel and vendors.
- **Quality:** We strive to provide our patrons with the finest service possible at reasonable costs.
- **Loyalty:** The Company earns and keeps the faith of our valued clients through the transparent exchange of work.
- **Creativity:** To assist us in our endeavor, we incorporate the latest technologies and the best human resources on a regular basis.

## OUR TEAM

**Classic Arrow Technical Services** is committed to employ only professional and well-educated experts in their fields. All team members are qualified, respectful, reliable and trustable. We are covering all specialties of our business. Our team is flexible, dedicated and service oriented.

## OUR VISION

---

We build long term business relations based on mutual confidence and trust. Client's requests are treated with highest priority. We are committed to respond to each request in the fastest possible manner to make sure that all our clients will receive the best possible.

## Mild Steel & Stainless Steel Fabrication

Our creativity and innovative product designs set us apart from the other fabricators. As per the client's requirement, we design and manufacture the perfect steel product and install it at their locations.

We have highly experienced designers and steel fabricators. Therefore our team helps us to build a strong bond with our valuable clients. We provide our services in Sharjah, Dubai, Ajman, Abu Dhabi and across the United Arab Emirates.

We involve in designing and manufacturing decorative railings, stairs, doors, shades, steel platforms, racks. Similarly, we also manufacture commercial kitchen equipment, cabinets, furniture and many more other stainless steel products.

## FLOOR & WALL TILING WORKS

Flooring and tiling is a way of arranging identical plane shapes so that they completely cover exterior/interior walls and floors to provide protective and decorative finishes.

We provide specialized services in flooring and tiling using different kind of materials including concrete, marble, granite, ceramic tile, carpet, vinyl, wooden, rubber and epoxy paint.

The work of a tiler includes the laying of tiles of ceramics, mosaic or natural stone on walls, floors and staircases in houses, commercial, industrial and public buildings, churches, swimming pools, outside installations, and façades to provide protective and decorative finishes. Wall and floor Tiling work might also include the construction of small walls and steps from bricks or blocks.

## AIR CONDITIONING, VENTILATIONS & AIR FILTRATION SYSTEM INSTALLATION & MAINTENANCE

We understand the delicate nature of these types of systems and as such we take the upmost care in restoring them back to their original condition using specialist compressed air units. Our trained staff is able to tackle any potential issues with ease and with the use of our compressed air units we are able to maintain any air management system you may have without the use of potentially hazardous chemicals.

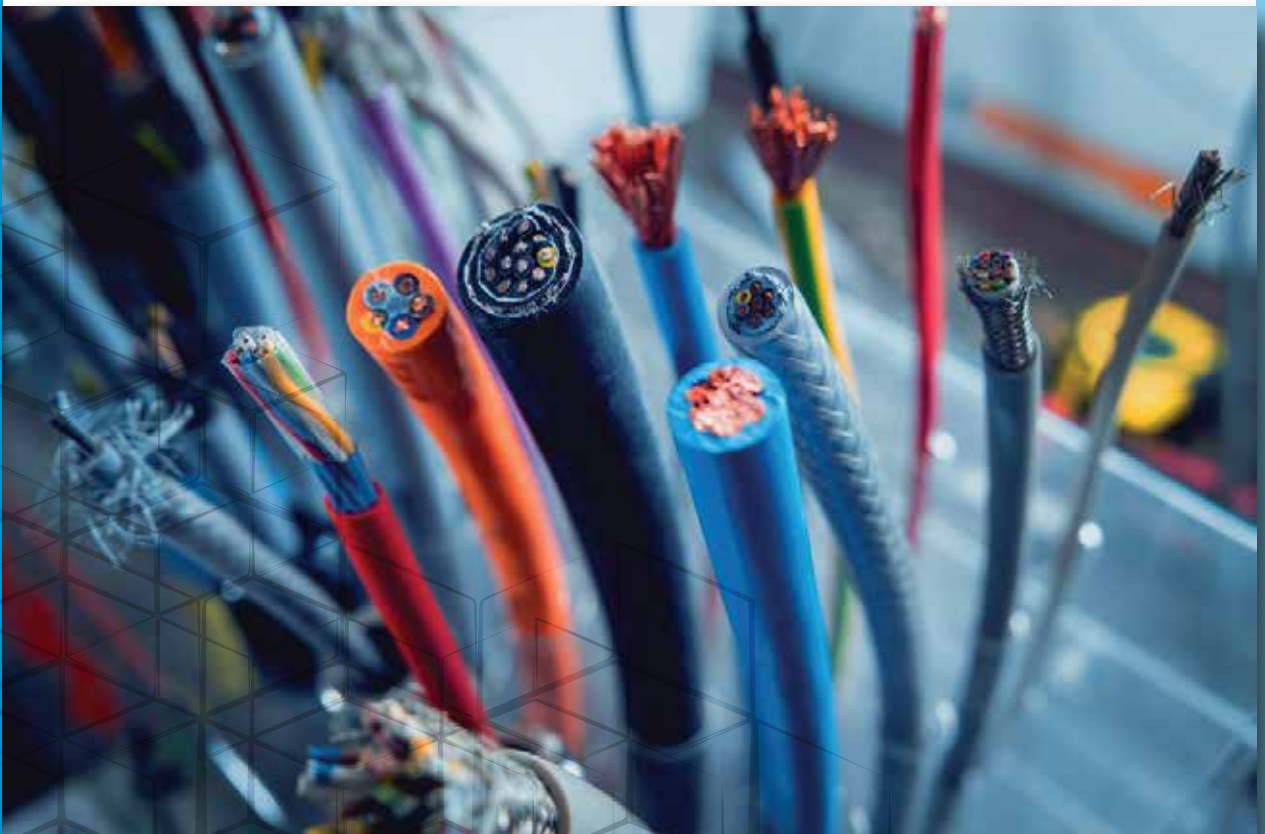

We provide installation and maintenance of their conditioning (A/C) and ventilation systems includes fans, air filter cleaning, A/C ducting and split A/C supply and fixing.

we offer you a complete professional cleaning at home, at your office, in your commercial premises and even on your cold rooms, if you have one.

# ELECTROMECHANICAL EQUIPMENT INSTALLATION & MAINTENANCE

We offer services to cover all types of electrical works which includes electrical cabling works, installation of distribution boards, control panels, light fittings, switches, water heaters, water pumps and supporting services such as sealing water leakages and drainage solutions.

Whether it is a minor task like changing electrical sockets or light bulbs or a major issue like complete electrical breakdown. For all of your electrical needs, offering electrical installation, electrical repair, upgrades and troubleshooting. No problem is too big or too small for us to handle.

## PLUMBING & SANITARY CONTRACTING

Plumbing is a critical component to any building infrastructure, and we know hiring the right plumber is equally important. Our licensed technicians are experienced and trained in all the latest systems, technologies and manufacturers. We treat your home or business as if it were our own – arriving when scheduled, communicating your options, and performing the highest quality work.

We provide quality plumbing services for homes by certified, qualified and reliable licensed plumbers. Now you can get professional plumbing services for any kind of issue or requirement, be it a leaky faucet or the installation of a new shower.

## **PAINTING CONTRACT & WALL PAPER FIXING**

We offer full range of painting and wall paper fixing services, starting from consultation and finalization of required paints, wall paper removal, surface preparation to receive the paint, all types of interior and exterior painting works, specialized painting works like stucco painting, painting of metal structures like hand rails, AC grills, flag poles etc. and polishing of wooden doors and frames, cabinets, cupboards, window etc.

We know that hanging wallpaper in your home can bring exciting patterns, textures, and style to your space. This is why we offer expert wallpaper services. With more options than a simple coat of paint, you can really showcase your personality with some wallpaper.

## PLASTER & CLADDING WORKS

Plaster is used for coating walls and ceilings to provide extra protection and resistance to these key areas of a home and building. It is also used to add decorative features to walls and ceilings. Cladding is another important element in the building trade, as it involves the application of one material over another material.

Plaster and Cladding helps to provide a layer that controls the infiltration of weather elements, such as extreme heat and rain. Cladding is also used to enhance the appearance of a building and make it look more visually pleasing. Our services have been used to plaster walls of hotels, restaurants, commercial & residential establishments, malls and offices. Our wall plastering is highly reputed in the market for its smooth finishing, attractive look and moisture resistance.

## FALSE CEILING & LIGHT PARTITION INSTALLATION

A false ceiling is a secondary ceiling, hung below the main (structural) ceiling and is a staple of residential and commercial applications. To address fire safety, ceiling tiles made from mineral fibers, tin, composite, or fire-rated wood panels can be used within the construction to meet acceptable standards/ratings.

We offer services of false ceiling, partitions and paneling, dry walls, cast gypsum and decorative moldings covering all commercial and domestic sectors throughout.

**Classic Arrow Technical Services** does installation of all kind of false ceiling and light partition works with the highest level of quality. The services we offer includes commercial interiors, retail shop interiors, offices interiors, hotel lobby interiors, hotel suites interiors and regular homes also.

## WALLPAPER & GRASS CARPET TRADING

3D Wallpaper provide an extra dimension to your wall with 3D wallcoverings. 3D wallpaper is a revolution to home-décor to provide spectacular effect to living-rooms and bedrooms.

Bricks & Stones gives ultra-modern effect to your rooms with Brick and stone wallpaper. Indulge in the vintage look with stone and brick effect

Also, we deal with Geometric, Stripes, Damask, Floral, Textures, Natural Finishes, Leather, Abstract etc..

We are offering Premium Grass carpets to our customers. The Synthetic Turf has a natural fresh look. It Gives completely natural feel. We provide installation and maintenance service also. The entire collection is offered in a wide array of designs, color combinations, patterns and sizes so as to meet diverse preferences of customers.
